iii. Frequency of the Board Meeting and Academic Advisory Body

Frequency of meetings & date of last meeting: Twice in a Year 28.12.2020

iv. Organizational Chart and Processes
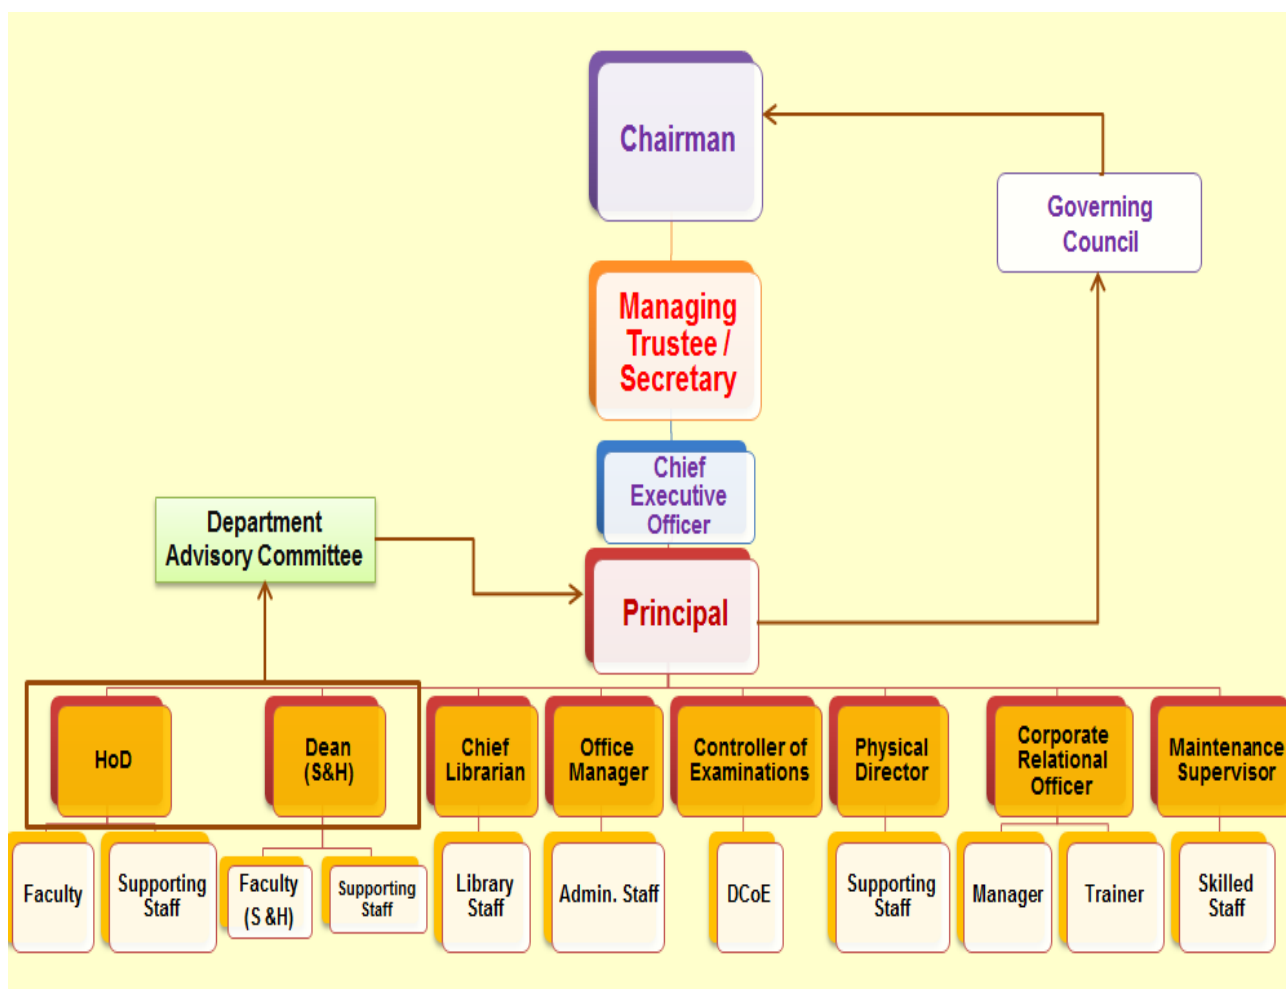

v. Nature and Extent of Involvement of Faculties and Students in Academic Affairs and Improvements

Initiatives taken to inculcate the spirit of research amongst faculty and students are as follows: **Following research policy was framed**.

- Financial assistance is provided for publications

- Facilities such as flexibility in timings, use of laboratories etc are extended to faculty as per requirement
- Implementing a policy for distribution of Testing and Consultancy charges to motivate faculty for providing consultancy
- Faculties with an aptitude for research are identified. Seed money is provided to young faculty to implement their research project. More experienced faculty are encouraged to apply and obtain research grants from various Government and non- Government, research funding agencies such as UGC, DST, AICTE, RGSTC, SPPU (BCUD) etc.

Community engagement - Extra Curricular Activities

- The institute believes that we have a responsibility towards society and that technology should be brought to the use of community. National Social Service (NSS) activities make students responsible towards society, environment, global issues, etc and develop into responsible citizens.

vi.   *Mechanism / Norms And Procedure For Democratic/Good Governance*

The management recognizes the need for decentralization for the growth of the institute and accords autonomy commensurate with the level of management. Deans and heads are appointed who are given autonomy for efficient governance.

The roles and responsibilities of administrators / decision makers for various assigned jobs listed

below clearly depict the delegation of authority, providing operational autonomy leading to a decentralized governance system.

- **Principal**

To implement and monitor the education system to cater to the institute's vision and mission.

- **Head of the department**

Is responsible for the academic and administrative functions of the department.

In addition, Registrar, Accounts Officer, Librarian, Workshop Superintendent take care of office related activities, finance related issues, library resources and workshop related activities. Other support functions are handled by the Admission-in-charge, NBA Coordinator, NAAC Coordinator, College Examination Officer, Industry Institute Interaction Cell Coordinator and NSS coordinator.

- **At the department level**:
  1. Each program has UG and PG coordinators
  2. Preparation of academic calendar based on time frame set by the college for planning and organizing of activities is done by Time Table coordinator
  3. Each course has a course coordinator who, in consultation with the faculty teaching the subject, sets course objectives, prepares the teaching plan for the semester, conducts meetings with faculty regularly to monitor and review course completion and attainment of course outcomes and submits a report of the same to coordinator.
  4. Class teachers/batch guardians are designated for all classes/batches

vii.   *Student Feedback On Institutional Governance / Faculty Performance*

The college has a well-established feedback system that aims at improving the teaching learning process and provides a continuous support to students for their all-round development.
They are:
1. Course Monitoring
2. Course exit survey
3. Information from mentors

4. Interaction of the Head of the Dept.
5. Graduate Exit Survey
6. Alumni opinion
7. Parents meeting

1. Course Monitoring

Course monitoring is an exercise to check with students during the semester to obtain feedback from students in the class about any problems in instruction and coverage of syllabus in each course, and also about any other problems in facilities like canteen, library etc.

The committee consisting of HOD and a senior faculty member visit each class, once after 6 weeks after start of the semester and in the 11 or 12th week to get the feedback. Students are asked if they feel that instruction is not satisfactory in any subjects, and to mention the specific problems. Opinion of students regarding faculty in terms of percentage is also taken in those subjects. General opinion on facilities like library, canteen is also obtained in each visit.

Action: In the first visit, if most of the students opine that instruction is poor in one or more subjects, HOD issues a letter to the concerned teacher about the feedback and emphasizes the need to improve in specific areas. HOD gathers opinion of students after 5 or 6 periods. If students are still not satisfied, the teacher is changed for that subject.

After each visit, teachers with unsatisfactory feedback are counseled. If the complaint is of a minor nature like audibility or solving only a few problems etc., the teachers are counseled. If instruction is poor, a letter is issued mentioning the aspects to improve. For problems regarding facilities, HOD brings to the notice of the in charge of the facility or Principal when necessary.

2. Course exit survey:

At the end of each semester, a course exit survey is conducted for each course on students opinion of attainment of the COs. Results of this survey are communicated to the teachers so that they make efforts towards better attainment.
The course exit survey is collected through online.

3. Mentors feedback:

Mentors provide feedback to HOD after each counseling. When necessary, class coordinator arranges extra coaching to needy students.

4. Interaction of the Head of the Dept.:

HOD meets student groups on various occasions and collects feedback on academic and other issues of students.

5. Graduate Exit Survey:

Survey is conducted for outgoing students to get feedback on attainment of POs and PSOs, and to seek opinion on academics, facilities and co and extra-curricular activities.

6. Alumni opinion:

Is obtained from visiting alumni and also on mail, regarding feedback on POs/ PSOs and suggestions on improving curriculum.

7. Feedback on facilities

Students are asked to give feedback on facilities by the mentors, who in turn report the same to the Head of the Dept. HOD directly takes up the redresses with the in charges of the concerned facility or reports to Principal where necessary.

The various facilities provided to students are:
- Library:
- Sports :
- Medical facility:
- Canteen:
- Girls Lounge:
- Transport:
- Bank facility:
- Laboratories beyond working hours:
- R&D laboratory:
- Generator power backup:

Students Feedback and action: Feedback from students is collected by survey at the end of the year. Interaction of HOD and Course monitoring committee also provide the feedback during each semester.
Initiation of Action: HOD and senior faculty interact with students to find out specific reasons in the cases where 50% or more stated Poor and Satisfactory. Action is initiated for improvement of these facilities, by HOD or senior faculty contacting the concerned facility in charge or the Principal if necessary.

viii. Grievance redressal mechanism for faculty, staff and students

The faculty/Staff/ Students will be free to represent his/her case to the Institute Level Grievance Redressal Committee. The individual grievances received by the Institute directly shall also be referred to this Committee for redressal.

Placement Facilities

Hindusthan Institute Of Technology acts as a connecting hub for the company and the students who want to serve in industry. It mainly focuses on the activity that enhances our student's employability and career development.

The department takes care of the following activities such as

- Skill-gap identification
- Skill based Grading of students
- Prep-lacement training
- Training assessments
- Conducting Mock Interviews
- Skill up gradations
- Career Research & Analysis
- Corporate Relationship for Industry Institution interaction such as enabling consultancy services, Tech-Talk, Project based learning, industrial projects, Industry Visits, In-plant Trainings and Internships.
- Career Guidance for Higher education and entrepreneurial & Startup activities

Placement process @ Hindusthan Institute Of Technology

The following steps are involved in the placement process

- The Campus recruitment for the final year students starts from the month of August every year.
- A calendar for the recruitment drives is released well before the commencement of the first drive.
- Based on the calendar or schedule the drive dates along with eligibility criteria, Job Description, location, salary and other details will be released through a circular
- Eligible & Interested students will register for the drive through online registration portal.
- Registered students will be called for an orientation meeting to identify the readiness of the students
- Based on the need boot camps would be arranged to train the students just before
- A day before or on the same day a pre-placement talk is arranged for the registered students to know more about the company through the same company personal.
- Finally, the recruitment drive will be initiated as per the company norms
- The results will be published after the completion of the drive through email.

   ii.   EOA from AICTE

   Attached as Annexure

16. **Accounted Audited Statement For Last 3 Years**

   Attached as Annexure

17. **Best Practices adopted, if any**

   Best Practice – I: Academic Calendar
   - A detailed academic calendar is prepared at the beginning of every academic year and adhered to it that include the academic sessions with internal assessment test and practical examination.

   Best Practice – II: Orientation Programme
   - Orientation programmes for first year students are conducted for three to four weeks at the beginning of every academic year. The students are made aware of the College Vision, Mission and the value system and ethics to be followed. Special emphasis is given to enhance the communication skills to the. They are familiarized with the Laboratory and other facilities. They are introduced to the Library services including digital library. They get familiarized with the faculty member and office staff.
   - The lateral entry students who directly join the second year of the program are also given orientation for a brief period as they join after the academic session began. However, bridge courses to them are conducted after class hours without disturbing the regular course work.
   -

   Best Practice – III: Curriculum Development
   - A Comprehensive development of curriculum for all the autonomous programs is carried out based on the Program revision policy of the College. Benchmarking of the programmes with reputed international and national Institutes is carried out by a Program Benchmarking team with the approval of the Benchmarking Institutes by the HODs Committee. This report along with the feedback from stakeholders and the new developments in the field scanned by the faculty are used to revise the curriculum. The curriculum is then approved by the respective Board of study and the College Academic Council.
   - The Choice Based Credit system for all the autonomous programmes of study. MOOC course is made compulsory.

   Best Practice – IV: Preparation of Course Plan and communicating to students
   - Every teacher prepares/reviews the course plan before the commencement of the semester which is mapping of week-wise topic to be taught with the intended learning outcomes, teaching methods, assessment methods and the date(s) of submission/written examination. It also includes the scheme of evaluation giving the details of assessment method, type/mode of questions, weightage of marks, and

date of submission/examination. It also includes the self-evaluation questions. This is communicated to the students at the beginning of the semester.

Best Practice – V: Peer review of Course Plan

- The course plan prepared by the concerned teacher is reviewed by another teacher who has taught the course before and prepares the Report in the Template given in Teaching Learning Policy and submits to the Head of the Department. The teacher is asked to revise the plan as per suggestions given in the Report and submit the final version to the Head of the Department. This ensures the complete preparation of the pan in all respects, the coverage of the entire syllabus, and all the ILOs. It also ensures the selection of appropriate teaching and Assessment methods, appropriateness of the teaching and assessment methods and the scheme of assessment.

Best Practice – VI: Monitoring the course delivery

- Class coordination committees of each class meet once every month to discuss the status of syllabus coverage, continuous evaluation, discipline problems, if any, nonperforming students, students with chronic absenteeism etc. They also take up corrective actions and these are reviewed by the department committee and also by the academic monitoring team. They plan the remedial classes where necessary.

Best Practice – VII: Verification of Question papers

- The Internal Assessment Test and End Semester Examination question papers are peer reviewed for the easy/toughness of questions, appropriate weightage of marks to the question. The examiner must submit the scheme of valuation along with the question paper. The reviewer verifies the appropriateness of the answers or brief note of valuation. The Reviewer submits a report in the Template given in the Assessment and Evaluation Policy of the College to the Examiner who revises based on the suggestions. The End Semester Examination question paper is also subjected to the external review before the Examination along with the Scheme of valuation.

- The reviewers, both internal and external, reviews a sample of answer scripts of the mid-term tests and the End Semester Examination for the uniform evaluation and the completion of evaluation in all respects. They also look into the bias, fairness and correctness.

Best Practice – VIII: Distribution of evaluated answer scripts to students for scrutiny

- The evaluation schemes are placed on the website for the students to evaluate themselves. The answer scripts, after the evaluation of all the assessments are shown to the students including the semester end examination. The student can check the valuation as per the scheme. Any deviation of the actual evaluation from the scheme can be reported to the subject teacher so that the claims made by the student can be considered and the paper is reevaluated as per the claims without any fee. This is a measure taken as part of the transparency in the evaluation system.

Best Practice – IX: UG Internship and final Project

- Provision is made for industry based projects where the students can work in the Company for four to five months for their project. Students are allowed to take MOOC courses of the equivalent subjects of the final semester with the approval of the Department. Internship is made mandatory and a credit course in the R2020 regulations and the Department make proactive special efforts to get the students internship opportunities.

Best Practice – X: Mentoring system

- The mentoring system is designed to assist the students in academic and general issues they face during the four year period of the degree. A faculty member is assigned as a mentor for a group of 15 to 20 students in the first year itself. The same mentor may continue with the group till the final year. The mentoring is conducted in a structured way. The mentor and the students meet at least one hour in every week as per the schedule in the time table. The mentor counsels the students in not only the issues related academics but also some of their personal issues and a proper guidance and support is provided to ensure the comfort of the students in the campus. In the cases where advanced counseling is needed, the student is referred to the psychological counselor. The mentors also participate in the class review meetings and discuss about the students with the teachers of the class.

Best Practice – XI: Assistance to special category Students

- College formed the SC/ST Committee, OBC committee, and the women welfare committee to assist the students in getting assistance through Central and State Government schemes, to provide skills training, and in any specific issues.

Best Practice – XII: Innovation, Incubation and Entrepreneurship

- The Centre for Innovation, Incubation and Entrepreneurship of the College organizes training programmes, workshops and Seminars on innovation and idea generation. College has started incubation activities where the students are provided space as needed and encouraged to utilize all the facilities, equipment and software, of the College to develop the idea into a product/service.
- The College also makes special efforts to get the students mentored for innovation and entrepreneurship. Forty students have been chosen by ten entrepreneurs to mentor the students for innovation and entrepreneurship during the current academic year.
- Entrepreneurship is introduced as a chapter in a core subject and special lectures/workshops are arranged on entrepreneurship

NBA Accreditation

F. No. 33-373/2017-NBA

Dated: 09.06.2021

To
The Principal
Hindustan Institute of Technology,
Othakkalmandapam(Post),
Coimbatore- 641 032,
Tamil Nadu

Subject: **Grant of further accreditation of one year in case of UG Engineering programs in Tier II offered by Hindustan Institute of Technology, Othakkalmandapam(Post), Coimbatore- 641 032, Tamil Nadu on the basis of Compliance Report.**

Sir,

This is regarding Compliance Reports submitted by **Hindustan Institute of Technology, Othakkalmandapam(Post), Coimbatore- 641 032, Tamil Nadu** for the UG Engineering programs which were accredited by NBA in Tier-II for academic years 2018-19 to 2020-21 and validity of accreditation is expiring on 30.06.2021.

2.   The National Board of Accreditation (NBA) has decided that in all cases of UG Engineering programs which were accredited in Tier I/Tier II for a period of 3 years i.e. up to 30-06-2021 and for which the concerned Institutions have submitted Compliance Reports, but, the visits for data verification of the programs are pending because of the current pandemic situation due to Corona virus, the programs will be considered for further accreditation of one year i.e. up to 30-06-2022 after data verification of the programs in NBA on the basis of the submitted Compliance Reports. The data submitted by **Hindustan Institute of Technology, Othakkalmandapam(Post), Coimbatore- 641 032, Tamil Nadu** in the Compliance Reports have been examined and verified in NBA. Based on the same, the Competent Authority in NBA has approved the following accreditation status to the programs as given in the Table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Computer Science & Engineering	Tier-II	Accredited	Academic Year 2021-2022 i.e. up to 30-06-2022	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier.
2.	Electronics & Communication Engineering		Accredited		
3.	Mechanical Engineering		Accredited		
4.	Aeronautical Engineering		Accredited		

3.   It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4.   The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Hindustan Institute of Technology, Othakkalmandapam(Post), Coimbatore- 641 032, Tamil Nadu** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Contd./-

5. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

6. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

Yours faithfully,

(Dr. Anil Kumar Nassa)
